Home of the Holy Angels School, Class of 2018

### Fall, 2010

#### Dear Friends of The Home of the Holy Angels:

We continue to be blessed with success in our mission! This report, our Fall, 2010 message, contains news of recent accomplishments and our attempt to keep you informed of events happening in Kibale. I am happy to give you this report.

I am currently residing in Kibale and will be here temporarily on a more or less permanent basis until Spring, 2011. My tasks are several: to give the construction project more personal, focused direction, to provide spiritual leadership to the community we serve, to meet with selected ministers of the Ugandan government and ensure that we have a firm and mutual understanding on their part for our success, to select the next class of students who will be attending **The Home of the Holy Angels** and to meet with community members and family of students and to get their ongoing support, as well.

The above photo shows me and our students and parents, guardians and community leaders. The photo session happened shortly after my arrival in late September. In the photo, you see our students are proudly showing off their new school uniforms, provided by generous donors in Central Florida this past summer.

I was also privileged to make my journey with several laptop computers safely stowed in my luggage. These lap tops and many others, including towers, printers and accessories, were donated by generous friends of **The Home of the Holy Angels** earlier this year and will be used to provide much needed computerized instruction of basic reading and language arts skills to our early readers. Shipping these valuable machines will require containerized transportation, which we currently do not have.

I am also pleased to report on our success in our making presentations to Central Florida parishes. In 2010, we were fortunate to be able to speak at mission appeals to three Diocese of Orlando parishes - Our Lady of Lourdes, St. Margaret Mary and the Basilica of St. Paul. This action resulted in many new friends becoming informed on the mission of our orphanage and its achievements.

By the way, you can be a missionary for the orphanage simply by forwarding this email to as many of your friends in your community as possible. One of our goals this year is to increase the number of email addresses - and supporters - in order to broaden our exposure. We want to cast as broad a net as possible to have a bountiful harvest. You can help us in that effort by reaching out, expand our message and evangelize to your friends on behalf of our orphans.

I would like to share a brief word about our child sponsorship program. As a result of our mission appeal at the Basilica of St. Paul, a Deltona, FL family offered to sponsor a child - a considerable gesture of love and support. They chose to put the name of their eight-year old daughter, Gabriella, on record as the sponsor of Juliet Mbabazi. This was so touching to me. Gabriella, a third grader, will take this experience to her classmates at Sunrise Elementary and friends at Our Lady of the Lakes catholic community and get them involved - making simple craft projects, in providing drawings and other artwork, in writing simple notes of love and support. This young missionary has already made simple beaded necklaces and bracelets with the message, "Gabriella loves you!" These gifts will be well received!

In Winter Park, FL a second, similar relationship was created by a family at St. Margaret Mary catholic community. Parents Tracy and Dave Hilleren committed to sponsor John Kyaligonza in the name of their sons, Nolan and Carter and is showing Winter Park the meaning of Christ's love.

We have secured help from the non-profit organization, Clean the World, located in Orlando. They have promised to provide our student population with valuable re-cycled soap and shampoo collected from the many hotels in Central Florida and in this way, we can improve on the community's sanitation and cleanliness. See the details of their story at their web site, [www.CleantheWorld.com](http://www.CleantheWorld.com)

You can help the orphanage in many ways. We need help in grant-writing, in basic business development and in securing valuable resources. One of our newest friends, a pilot with **Delta International Airlines**, negotiated with **KLM**, the airline that services Entebbe airport. As a result, they have allowed five, unaccompanied, free bags for missionaries traveling to **The Home of the Holy Angels**.

Did you know that if you have accumulated an excess in air miles, that you can have that mileage donated to KUDU? If you plan to visit Uganda this year and are willing to help, you can deliver valuable educational, health and spiritual materials in your excess luggage. Also, if you can secure containerized shipping into Kampala, you would be giving us valuable help. If you can prepare an effective letter of intent to philanthropic organizations so that we are awarded a grant of funds of any size toward health, education and community building, you can help us. Can your school adopt a child?

In an attempt to keep our operational costs down, I am requesting you to provide me with your email address. In this way, postage and printing costs are eliminated and we keep operating in a more efficient, 'green' mode. Simply email me at: [helpkibaleuganda@gmail.com](mailto:helpkibaleuganda@gmail.com) and provide your contact info and ask how you can help **The Home of the Holy Angels**. Thank you, in advance, for your help.

May God continue to bless each one of you and your support of our mission in Kibale. I hope the upcoming autumn and holiday season is enjoyable and spiritually uplifting for you and your family.

In Christ's love, your friend, Fr. Charles Nabwana.

*Charles Nabwana*

Wendy Gray, Chairperson of the St. Charles Ambassador program, (left), Mary Agnew, principal, St. Charles School, (right), and Jack Schrenker, parishioner at St. Charles Catholic Church and KUDU board advisor, visit a class of pre-schoolers and show off donated uniforms.

Fr. Charles and Ms. Lorena Dunlap pause at the recent send-off reception for Fr. Charles, held at St. Margaret Mary Church in Winter Park.

Meet the Arsenaults of Deltona, FL - Denis and Mary-Michelle and their daughter, Gabriella. Gabriella hopes to share her personal involvement with **The Home of the Holy Angels** with her friends and classmates at Sunrise Elementary.
