Home of the Holy Angels

“We opened the doors to our Home in 2010 and have now reached the point where 14 of our students have graduated from primary school. I am very pleased to report that these students excelled in the recent national testing.”

Students Excel in National Testing!

We are very excited to share with you some fantastic news about how your support of our children at The Home of the Holy Angels is making a huge difference! Ugandan students who are in 7th level of primary school (called “P7”) take a national exam. We recently learned from Fr. Charles Nabwana the results of the testing for our P7 students which occurred late last year.

“We opened the doors to our Home in 2010 and have now reached the point where 14 of our students have graduated from primary school. I am very pleased to report that these students excelled in the recent national testing. 11 of them received a grade of A, and 3 a B.

Overall, our students finished THIRD in the entire Kibale district which is comprised of over four hundred schools!

I am very thankful to God and to all our faithful donors for their sacrifices in helping to make this happen. You have created a new and brighter future for these children. Through your help, they have been able to move forward in their lives and are now pursuing studies at a local secondary school. Thank you and God bless you!” -- Fr. Charles Nabwana

We will continue our mentorship for graduating students! As our P7 students move from The Home of the Holy Angels to a local secondary school, we will continue to provide them with support, direction and mentoring.

Through your help, we have significantly changed the trajectory of their lives and want this to continue as they move from our campus to their new secondary school.

The cost of supporting our children at The Home of the Holy Angels is approximately \$600 per year.

We are so thankful to all of you who are currently supporting a child at this level through our Sponsor-a-Child Program. Our hope and prayer is that you will continue your sponsorship throughout their primary schooling so they can achieve a similar level of success as our recent P7 graduates. To meet the emerging need of secondary education for our graduating P7 students, we are creating the **Sponsor-a-Leader Program**. Through a contribution of \$900 per year, individuals, couples or groups are able to cover the cost of tuition at a local secondary school, along with room and board.

Current sponsors are given first opportunity to continue their support of an individual child as they move from primary to secondary school. Since

not all sponsors may be able to do so, would you consider joining this new program to support these bright students who will become our future leaders? Since there are a number of graduates from this recent class who do not have a sponsor, there is an urgent need to find sponsors for our new secondary students. Please visit our updated website at <http://www.helpkibale.org/new> for more information.

May God continue to bless you and your family in 2017. Thank you for your prayers and continued financial support.

Yours in the Christ,
Father Charles
